
a
Balanced scores
Decay over both arms
Observed/expected (standard decay)
Observed/expected (both arms decay)
Correlation scores (standard decay)
Correlation scores (both arms decay)
balanced (log10)
obs./exp. (log2)
correlation
4.37×, then 0.93× detrended; aligned over 1.83 of 1.94 Mb
standard decay
both arms decay
secondary diagonal, log2 obs./exp.
distance from the origin (Mb)
contacts (balanced)
along the diagonal
within an arm
across the arms
separation (bp)
